The legislature intends to clarify responsibilities for producing records containing election information to improve the efficiency in which they are made available." [2023 c 404 s 1.]

Effective dates—2004 c 267: See note following RCW 29A.08.010.

(6) Authorized employees of the secretary of state and each county auditor must have immediate electronic access to the information maintained in the database.

Short title—Findings—2020 c 208: See notes following RCW 29A.08.210.

Findings—Intent—2018 c 109: "The legislature is committed to granting equal access to voter registration for all voters. The legislature recognizes the importance of fostering lifelong civic participation. Currently, many young people are denied access to the most popular form of voter registration, motor voter. If a young person obtains a driver's license at the age of sixteen or seventeen, they may not register to vote. Denial of motor voter to so many young voters has contributed to lower voter registration levels in the youngest voter age groups. In Washington, according to 2016 United States census bureau statistics, only twenty-one percent of eligible citizens between the ages of eighteen and twenty-four are registered to vote. Studies show that young adults who vote are likely to continue to do so throughout adulthood. The legislature recognizes that these representational disparities in registration rates and voting rates within the youth electorate will improve by enacting election policies that engage all young citizens. Therefore, the

legislature declares that this act, allowing eligible youth at least sixteen years of age to preregister to vote, is intended to increase voter turnout in young adults." [2018 c 109 s 1.]

Short title—2020 c 208: "This act may be known and cited as the voting opportunities through education act or the VOTE act." [2020 c 208 s 1.]

Findings—2020 c 208: "The legislature finds that robust participation by young voters in Washington state elections is critical to ensuring lifelong civic engagement. Research has shown that voting is a habitual behavior and that people who vote in the first three elections when they are eligible will likely vote for life. However, this is also the period of time when they are likely to face unique barriers to participate in the democratic process, including regularly changing their address, becoming eligible shortly after an election, and exclusion from certain voter registration policies.

The legislature also finds that the period prior to election day is the most critical time to ensure ballot access for young voters. States with early voting have higher participation rates than states that do not and the use of early voting sites on college campuses helped produce record levels of participation for young voters in 2016 and 2018.

The legislature finds that students that have more opportunities to be registered and vote are more likely to participate. Limiting statutory voter registration opportunities on college campuses to days well in advance of election day is inconsistent with implementation of same-day voter registration. Making automatic voter registration unavailable to those registering for the first time denies young voters the same benefits as every other voter." [2020 c 208 s 2.]

MOTOR VOTER AND REGISTRATION AT DESIGNATED AGENCIES

RCW 29A.08.310 Voter registration services—Designation of agencies, facilities, programs, etc. (1) The governor, in consultation with the secretary of state, shall designate agencies to provide voter registration services in compliance with federal statutes. The governor, in consultation with the secretary of state, may designate local, federal, or tribal agencies, including but not limited to federal agencies administering naturalization ceremonies, to provide voter registration services, provided that such agencies consent to providing voter registration services.

(2) A federally recognized tribe may request that the governor designate one or more state facilities or state-funded facilities or programs that are located on the lands of the requesting Indian tribe or that are substantially engaged in providing services to Indian tribes, as selected by the tribe, to provide voter registration services. This provision does not alter the state's obligations under the national voter registration act.

(3) Each state agency designated shall provide voter registration services for employees and the public within each office of that agency.

(4) The secretary of state shall design and provide a standard notice informing the public of the availability of voter registration, which notice shall be posted in each state agency where such services are available.

(5) Each institution of higher education shall put in place an active prompt on its course registration website, or similar website that students actively and regularly use, that, if selected, will link the student to the secretary of state's voter registration website. The prompt must ask the student if he or she wishes to register to vote.

(6) If the governor, in consultation with the secretary of state, designates the department of corrections to provide voter registration services under this section, a county auditor shall process a voter registration application from a person transmitted by the department of corrections as an application to sign up to register to vote. A person who signs up to register to vote under this subsection is classified as pending until such time as he or she will be eligible to vote in the next election. An acknowledgment notice shall not be sent prior to receipt of notice from the department of corrections that a person is released from, or transferred to partial confinement from, total confinement under the jurisdiction of the department of corrections. (ii) The applicant does not respond to the notice identified in (a)(i) of this subsection to decline to provide their information for voter registration within 15 days from the date of mailing.

(b) If the secretary of state provides voter registration data to the health benefit exchange showing that an applicant has an existing voter registration and the information identified in subsection (1)(a) through (d) of this section shows no name change or change of residence or mailing address, the health benefit exchange is not required to send the notice identified in subsection (a)(i) of this subsection or transmit the information identified in subsection (1)(a) through (d) of this section to the secretary of state. (3) Once an agency has implemented automatic voter registration, it shall continue to provide automatic voter registration unless legislation is enacted that directs the agency to do otherwise.

(4) Agencies may not begin verifying citizenship as part of an agency transaction for the sole purpose of providing automatic voter registration.

(5) The governor shall make a decision, in consultation with the office of the secretary of state, as to whether state agencies that collect, possess, and store the information identified in subsection (2) of this section may implement automatic voter registration through a procedure that substantially meets the requirements of RCW 29A.08.359, or as to whether state agencies that collect, possess, and store the information in subsection (2)(a) through (c) of this section

may implement automatic updates of existing voter registrations through a procedure that substantially meets the requirements of RCW 29A.08.359. The governor shall make the same decision, in consultation with the office of the secretary of state, as to local, federal, or tribal agencies, including but not limited to federal agencies administering naturalization ceremonies, provided that such agencies consent to implementing automatic voter registration or automatic updates of existing voter registrations. The final decision is at the governor's sole discretion.

CANCELLATIONS

RCW 29A.08.510 Death. The registrations of deceased voters may be canceled from voter registration lists as follows:

(1) Periodically, the registrar of vital statistics of the state shall prepare a list of persons who resided in each county, for whom a death certificate was transmitted to the registrar and was not included on a previous list, and shall supply the list to the secretary of state.

The secretary of state shall compare this list with the registration records and cancel the registrations of deceased voters.

(2) In addition, each county auditor may also use government agencies and newspaper obituary articles as a source of information for identifying deceased voters and canceling a registration. The auditor must verify the identity of the voter by matching the voter's date of birth or an address. The auditor shall record the date and source of the information in the cancellation records.

(3) In addition, any registered voter may sign a statement, subject to the penalties of perjury, to the effect that to his or her personal knowledge or belief another registered voter is deceased. This statement may be filed with the county auditor or the secretary of state. Upon the receipt of such signed statement, the county auditor or the secretary of state shall cancel the registration from the official state voter registration list. To the extent possible, the secretary of state shall time the comparison required by this subsection to allow notice and cancellation of voting rights for ineligible voters prior to a primary or general election.

CHALLENGES

RCW 29A.08.810 Basis for challenging a voter's registration—Who may bring a challenge—Challenger duties. (1) Registration of a person as a voter is presumptive evidence of his or her right to vote. A challenge to the person's right to vote must be based on personal knowledge of one of the following:

(a) The challenged voter has been convicted of a felony that includes serving a sentence of total confinement under jurisdiction of the department of corrections, or a felony conviction in another state's court or federal court and the voter is serving that sentence of total confinement and the person's voting rights have not been restored under RCW 29A.08.520;

(b) The challenged voter has been judicially declared ineligible to vote due to mental incompetency under RCW 29A.08.515;

(c) The challenged voter resides at a different address than the residential address provided, and is not subject to RCW 29A.04.151 or 29A.08.112, in which case the challenger must either:

(i) Provide the challenged voter's actual residence on the challenge form; or

(ii) Submit evidence that he or she exercised due diligence to verify that the challenged voter does not reside at the address provided. The challenger must, at minimum, provide evidence that the challenger personally:

(A) Sent a letter with return service requested to the challenged voter's residential address provided, and to the challenged voter's mailing address, if provided;

(B) Searched local telephone directories, including online directories, to determine whether the voter maintains a telephone listing at any address in the county;

(C) Searched county auditor property records to determine whether the challenged voter owns any property in the county;

(D) Searched the statewide voter registration database to determine if the voter is registered at any other address in the state; and

(E) Searched the voter registration database of another state to determine if the voter is registered to vote in any other state;

(d) The challenged voter will not be eighteen years of age by the next general election; or

(e) The challenged voter is not a citizen of the United States.

(2) A person's right to vote may be challenged by another registered voter or the county prosecuting attorney.

(3) The challenger must file a signed affidavit subject to the penalties of perjury swearing that, to his or her personal knowledge and belief, having exercised due diligence to personally verify the evidence presented, the challenged voter either is not qualified to vote or does not reside at the address given on his or her voter registration record based on one of the reasons allowed in subsection (1) of this section. The challenger must provide the factual basis for the challenge, including any information required by subsection (1)(c) of this section, in the signed affidavit. The challenge may not be based on unsupported allegations or allegations by anonymous third parties. All documents pertaining to the challenge are public records.

(4) Challenges based on a felony conviction under RCW 29A.08.520 must be heard according to RCW 29A.08.520 and rules adopted by the secretary of state. (1) If the challenge is not in proper form or the factual basis for the challenge does not meet the legal grounds for a challenge, the county auditor may dismiss the challenge and notify the challenger of the reasons for the dismissal. A challenge is not in proper form if it is incomplete on its face or does not substantially comply with the form issued by the secretary of state.

(2) If the challenge is in proper form and the factual basis meets the legal grounds for a challenge, the county auditor must notify the challenged voter and provide a copy of the affidavit. The county auditor shall also provide to any person, upon request, a copy of all materials provided to the challenged voter.

(a) If the challenge is to the residential address provided by the voter, the challenged voter must be provided notice of the exceptions allowed in RCW 29A.08.112 and 29A.04.151, and Article VI, section 4 of the state Constitution, and may update the residence address on the voter's voter registration, or reregister until 8:00 p.m. the day of the election.
