**RCW 42.45.160 Stamping device—Security.** (1) A notary public is responsible for the security of the notary public's stamping device and may not allow another individual to use the device to perform a notarial act. On resignation from, or the revocation or expiration of, the notary public's commission, or on the expiration of the date set forth in the stamping device, the notary public shall disable the stamping device by destroying, defacing, damaging, erasing, or securing it against use in a manner that renders it unusable. On the death or adjudication of incompetency of a notary public, the notary public's personal representative or guardian or any other person knowingly in possession of the stamping device shall render it unusable by destroying, defacing, damaging, erasing, or securing it against use in a manner that renders it unusable.

(2) The seal or stamp should be kept in a locked and secured area, under the direct and exclusive control of the notary public. If a notary public's stamping device is lost or stolen, the notary public or the notary public's personal representative or guardian shall notify promptly the department on discovering that the device is lost or stolen. The journal is to be destroyed as required by the director in rule upon completion of the ten-year period.

(2) Notwithstanding any other provision of this chapter requiring a notary public to maintain a journal, a notary public who is an attorney licensed to practice law in this state is not required to chronicle a notarial act in a journal if documentation of the notarial act is otherwise maintained by professional practice.

(3) A notary public shall maintain only one tangible journal at a time to chronicle notarial acts, whether those notarial acts are performed regarding tangible or electronic records. The journal must be a permanent, bound register with numbered pages. An electronic records notary public may also maintain an electronic format journal, which can be kept concurrently with the tangible journal. The electronic journal must be in a permanent, tamper-evident electronic format complying with the rules of the director.

If a notary public's journal is lost or stolen, the notary public promptly shall notify the department on discovering that the journal is lost or stolen.

(6) On resignation from, or the revocation or suspension of, a notary public's commission, the notary public shall retain the notary public's journal in accordance with subsection (1) of this section and inform the department where the journal is located. [2017 c 281 s 20.]

A person cannot require an electronic records notary public to perform a notarial act with respect to an electronic record with a technology that the notary public has not selected.

(3) Before an electronic records notary public performs the notary public's initial notarial act with respect to an electronic record, an electronic records notary public shall notify the department that he or she will be performing notarial acts with respect to electronic records and identify the technology the electronic records notary public intends to use.

The assurance must be effective for a four-year term or for a term that expires on the date the notary public's commission expires. The assurance must cover acts performed during the term of the notary public's commission and must be in the form prescribed by the director. If a notary public violates law with respect to notaries public in this state, the surety or issuing entity is liable under the assurance. The surety or issuing entity shall give at least thirty days' notice to the department before canceling the assurance. The surety or issuing entity shall notify the department not later than thirty days after making a payment to a claimant under the assurance. A notary public may perform notarial acts in this state only during the period that a valid assurance is on file with the department.

**RCW 42.45.210 Grounds to deny, refuse to renew, revoke, suspend, or condition commission of notary public.** (1) In addition to conduct defined as unprofessional under RCW 18.235.130, the director may take action as provided for in RCW 18.235.110 against a commission as notary public for any act or omission that demonstrates the individual lacks the honesty, integrity, competence, or reliability to act as a notary public, including:

- (a) Failure to comply with this chapter;
- (b) A fraudulent, dishonest, or deceitful misstatement or omission in the application for a commission as a notary public submitted to the department;
- (c) A conviction of the applicant or notary public of any felony or crime involving fraud, dishonesty, or deceit;
- (d) A finding against, or admission of liability by, the applicant or notary public in any legal proceeding or disciplinary action based on the applicant's or notary public's fraud, dishonesty, or deceit;
- (e) Failure by the notary public to discharge any duty required of a notary public, whether by this chapter, rules of the director, or any federal or state law;
- (f) Use of false or misleading advertising or representation by the notary public representing that the notary public has a duty, right, or privilege that the notary public does not have;
- (g) Violation by the notary public of a rule of the director regarding a notary public;
- (h) Denial, refusal to renew, revocation, suspension, or conditioning of a notary public commission in another state;
- (i) Failure of the notary public to maintain an assurance as provided in RCW 42.45.200(4); or
- (j) Making or noting a protest of a negotiable instrument without being a person authorized by RCW 42.45.030(5).

(2) If the director denies, refuses to renew, revokes, suspends, imposes conditions, or otherwise sanctions, a commission as a notary public, the applicant or notary public is entitled to timely notice and hearing in accordance with chapter 34.05 RCW.

(3) The authority of the director to take disciplinary action on a commission as a notary public does not prevent a person from seeking and obtaining other criminal or civil remedies provided by law. [2017 c 281 s 23.]

**RCW 42.45.220 Database of notaries public.** The director shall maintain an electronic database of notaries public:

- (1) Through which a person may verify the authority of a notary public to perform notarial acts; and
- (2) Which indicates whether a notary public has notified the director that the notary public will be performing notarial acts on electronic records. [2017 c 281 s 24.]

**RCW 42.45.230 Prohibited acts.** (1) A commission as a notary public does not authorize an individual to:

- (a) Assist persons in drafting legal records, give legal advice, or otherwise practice law;
- (b) Act as an immigration consultant or an expert on immigration matters;

(c) Represent a person in a judicial or administrative proceeding relating to immigration to the United States, United States citizenship, or related matters;

(d) Receive compensation for performing any of the activities listed in this subsection; or

(e) Provide court reporting services.

(2) A notary public may not engage in false or deceptive advertising.

(3) A notary public, other than an attorney licensed to practice law in this state, or a Washington-licensed limited license legal technician acting within the scope of his or her license, may not use the term "notario" or "notario publico."

(4) A notary public, other than an attorney licensed to practice law in this state or a limited license legal technician acting within the scope of his or her license, may not assist another person in selecting the appropriate certificate required by RCW 42.45.130.

(5) A notary public, other than an attorney licensed to practice law in this state, or a Washington-licensed limited license legal technician acting within the scope of his or her license, may not advertise or represent that the notary public may assist persons in drafting legal records, give legal advice, or otherwise practice law. If a notary public who is not an attorney licensed to practice law in this state, or a Washington-licensed limited license legal technician acting within the scope of his or her license, in any manner advertises or represents that the notary public offers notarial services, whether orally or in a record, including broadcast media, print media, and the internet, the notary public shall include the following statement, or an alternate statement authorized or required by the director, in the advertisement or representation, prominently and in each language used in the advertisement or representation: "I am not an attorney licensed to practice law in this state. I am not allowed to draft legal records, give advice on legal matters, including immigration, or charge a fee for those activities." If the form of advertisement or representation is not broadcast media, print media, or the internet and does not permit inclusion of the statement required by this subsection because of size, it must be displayed prominently or provided at the place of performance of the notarial act before the notarial act is performed.

(6) Except as otherwise allowed by law, a notary public may not withhold access to or possession of an original record provided by a person that seeks performance of a notarial act by the notary public. A notary public may not maintain copies or electronic images of documents notarized unless the copies or images are maintained by an attorney or Washington-licensed limited license legal technician acting within his or her scope of practice for the performance of legal services or for other services performed for the client and the copies or images are not maintained solely as part of the notary transaction. [2017 c 281 s 25.]

**RCW 42.45.240 Validity of notarial acts.** Except as otherwise provided in RCW 42.45.020(2), the failure of a notarial officer to perform a duty or meet a requirement specified in this chapter does not invalidate a notarial act performed by the notarial officer. The validity of a notarial act under this chapter does not prevent an aggrieved person from seeking to invalidate the record or transaction that is the subject of the notarial act or from seeking other remedies

based on law of this state other than this chapter or law of the United States. This section does not validate a purported notarial act performed by an individual who does not have the authority to perform notarial acts. Nothing in chapter 281, Laws of 2017 gives the director authority to invalidate a notarial act. [2017 c 281 s 26.]

**RCW 42.45.250 Rules.** (1) The director may adopt rules necessary to implement this chapter.

(2) In adopting, amending, or repealing rules about notarial acts with respect to electronic records, the director shall consider standards, practices, and customs of other jurisdictions that substantially enact this chapter. [2017 c 281 s 27.]

**RCW 42.45.260 Commissions in effect July 1, 2018—Continuation.**

A commission as a notary public in effect on July 1, 2018, continues until its date of expiration. A notary public who applies to renew a commission as a notary public on or after July 1, 2018, is subject to and shall comply with this chapter. A notary public, in performing notarial acts after July 1, 2018, shall comply with this chapter. [2017 c 281 s 28.]

**RCW 42.45.270 Uniform regulation of business and professions act—Application.** The uniform regulation of business and professions act, chapter 18.235 RCW, governs unlicensed practice, the issuance and denial of licenses, and the discipline of licensees under this chapter. [2017 c 281 s 32.]

**RCW 42.45.280 Electronic records notary public.** (1) The definitions in this subsection apply throughout this section unless the context clearly requires otherwise.

(a) "Communication technology" means an electronic device or process that:

(i) Allows an electronic records notary public and a remotely located individual to communicate with each other simultaneously by sight and sound; and

(ii) When necessary under and consistent with other applicable law, facilitates communication with a remotely located individual with a vision, hearing, or speech impairment.

(b) "Foreign state" means a jurisdiction other than the United States, a state, or a federally recognized Indian tribe.

(c) "Identity proofing" means a process or service by which a third person provides an electronic records notary public with a means to verify the identity of a remotely located individual by a review of personal information from public or private data sources.

(d) "Outside the United States" means a location outside the geographic boundaries of the United States, Puerto Rico, the United States Virgin Islands, and any territory, insular possession, or other location subject to the jurisdiction of the United States.

(e) "Remotely located individual" means an individual who is not in the physical presence of the electronic records notary public who performs a notarial act under subsection (3) of this section.

(2) A remotely located individual complies with RCW 42.45.040 by using communication technology to appear before an electronic records notary public.

(3) An electronic records notary public located in this state may perform a notarial act using communication technology for a remotely located individual if:

(a) The electronic records notary public:

(i) Has personal knowledge under RCW 42.45.050(1) of the identity of the remotely located individual;

(ii) Has satisfactory evidence of the identity of the remotely located individual by a verification on oath or affirmation of a credible witness appearing before and identified by the electronic records notary public under RCW 42.45.050(2); or

(iii) Has obtained satisfactory evidence of the identity of the remotely located individual by using at least two different types of identity proofing;

(b) The electronic records notary public is reasonably able to confirm that a record before the electronic records notary public is the same record in which the remotely located individual made a statement or on which the individual executed a signature;

(c) The electronic records notary public, or a person acting on behalf of the electronic records notary public, creates an audiovisual recording of the performance of the notarial act; and

(d) For a remotely located individual located outside the United States:

(i) The record:

(A) Is to be filed with or relates to a matter before a public official or court, governmental entity, or other entity subject to the jurisdiction of the United States; or

(B) Involves property located in the territorial jurisdiction of the United States or involves a transaction substantially connected with the United States; and

(ii) The act of making the statement or signing the record is not prohibited by the foreign state in which the remotely located individual is located.

(4) If a notarial act is performed under this section, the certificate of notarial act required by RCW 42.45.130 and the short form certificate provided in RCW 42.45.140 must indicate that the notarial act was performed using communication technology.

(5) A short form certificate provided in RCW 42.45.140 for a notarial act subject to this section is sufficient if it:

(a) Complies with rules adopted under subsection (8)(a) of this section; or

(b) Is in the form provided by RCW 42.45.140 and contains a statement substantially as follows: "This notarial act involved the use of communication technology."

(6) An electronic records notary public, a guardian, conservator, or agent of an electronic records notary public, or a personal representative of a deceased electronic records notary public shall retain the audiovisual recording created under subsection (3)(c) of this section or cause the recording to be retained by a repository designated by or on behalf of the person required to retain the recording. Unless a different period is required by rule adopted under subsection (8)(d) of this section, the recording must be retained for a period of at least ten years after the recording is made.

(7) Before an electronic records notary public performs the electronic records notary public's initial notarial act under this

section, the electronic records notary public must notify the director that the electronic records notary public will be performing notarial acts and identify the technologies the electronic records notary public intends to use. If the director has established standards under subsection (8) of this section and RCW 42.45.250 for approval of communication technology or identity proofing, the communication technology and identity proofing must conform to the standards.

(8) In addition to adopting rules under RCW 42.45.250, the director may adopt rules under this section regarding performance of a notarial act. The rules may:

(a) Prescribe the means of performing a notarial act involving a remotely located individual using communication technology;

(b) Establish standards for communication technology and identity proofing;

(c) Establish requirements or procedures to approve providers of communication technology and the process of identity proofing; and

(d) Establish standards and a period for the retention of an audiovisual recording created under subsection (3)(c) of this section.

(9) Before adopting, amending, or repealing a rule governing performance of a notarial act with respect to a remotely located individual, the director must consider:

(a) The most recent standards regarding the performance of a notarial act with respect to a remotely located individual adopted by national standard-setting organizations and the recommendations of the national association of secretaries of state;

(b) Standards, practices, and customs of other jurisdictions that have laws substantially similar to this section; and

(c) The views of governmental officials and entities and other interested persons. [2019 c 154 s 1.]
