RCW 50A.05.005 Intent. The legislature finds that the demands of the workplace and of families need to be balanced to promote family stability and economic security. The legislature also finds that families across the state own and operate businesses. Workplace leave policies are desirable to accommodate changes in the workforce such as rising numbers of dual-career couples, working single parents, and an aging population. In addition the impact of significant new requirements should be reasonably balanced to help small businesses thrive.

The legislature also finds that access to paid leave is associated with many important health benefits. Research confirms that paid leave results in decreased infant mortality and more well-baby visits and reductions in maternal postpartum depression and stress. The legislature further finds that paid leave increases the duration of breastfeeding, which supports bonding, stimulates positive neurological and psychological development, strengthens a child's immune system, and reduces the risks of serious or costly health problems such as asthma, acute ear infections, obesity, Type 2 diabetes, leukemia, and sudden infant death syndrome. The legislature also finds that when fathers have access to paid leave they are more directly engaged during the child's first few months, thereby increasing father infant bonding and reducing overall stress on the family.

The legislature declares it to be in the public interest to create a family and medical leave insurance program to provide reasonable paid family leave for the birth or placement of a child with the employee, for the care of a family member who has a serious health condition, and for a qualifying exigency under the federal family and medical leave act, and reasonable paid medical leave for an employee's own serious health condition and to reasonably assist businesses in implementing and maintaining a program to support their employees and family. (9) "Employment benefits" means all benefits provided or made available to employees by an employer, including group life insurance, health insurance, disability insurance, sick leave, annual leave, educational benefits, and pensions.

(10) "Family leave" means any leave taken by an employee from work:

(a) To participate in providing care, including physical or psychological care, for a family member of the employee made necessary by a serious health condition of the family member;

(b) To bond with the employee's child during the first twelve months after the child's birth, or the first twelve months after the placement of a child under the age of eighteen with the employee;

(c) Because of any qualifying exigency as permitted under the federal family and medical leave act, 29 U.S.C. Sec. 2612(a)(1)(E) and 29 C.F.R. Sec. 825.126(b)(1) through (9), as they existed on October 19, 2017, for family members as defined in subsection (11) of this section; or

(d) During the seven calendar days following the death of the family member for whom the employee:

(i) Would have qualified for medical leave under subsection (15) of this section for the birth of their child; or

(ii) Would have qualified for family leave under (b) of this subsection.

(11) "Family member" means a child, grandchild, grandparent, parent, sibling, or spouse of an employee, and also includes any individual who regularly resides in the employee's home or where the

relationship creates an expectation that the employee care for the person, and that individual depends on the employee for care. "Family member" includes any individual who regularly resides in the employee's home, except that it does not include an individual who simply resides in the same home with no expectation that the employee care for the individual.

(12) "Grandchild" means a child of the employee's child.

(13) "Grandparent" means a parent of the employee's parent.

(14) "Health care provider" means: (a) A person licensed as a physician under chapter 18.71 RCW or an osteopathic physician and surgeon under chapter 18.57 RCW; (b) a person licensed as an *advanced registered nurse practitioner under chapter 18.79 RCW; or (c) any other person determined by the commissioner to be capable of providing health care services.

(15) "Medical leave" means any leave taken by an employee from work made necessary by the employee's own serious health condition.

(16) "Paid time off" includes vacation leave, personal leave, medical leave, sick leave, compensatory leave, or any other paid leave offered by an employer under the employer's established policy.

(17) "Parent" means the biological, adoptive, de facto, or foster parent, stepparent, or legal guardian of an employee or the employee's spouse, or an individual who stood in loco parentis to an employee when the employee was a child.

(18) "Period of incapacity" means an inability to work, attend school, or perform other regular daily activities because of a serious health condition, treatment of that condition or recovery from it, or subsequent treatment in connection with such inpatient care.

(19) "Postnatal" means the first six weeks after birth.

(20) "Premium" or "premiums" means the payments required by RCW 50A.10.030 and paid to the department for deposit in the family and medical leave insurance account under RCW 50A.05.070.

(21) "Qualifying period" means the first four of the last five completed calendar quarters or, if eligibility is not established, the last four completed calendar quarters immediately preceding the application for leave.

(22)(a) "Remuneration" means all compensation paid for personal services including commissions and bonuses and the cash value of all compensation paid in any medium other than cash.

(b) Previously accrued compensation, other than severance pay or payments received pursuant to plant closure agreements, when assigned to a specific period of time by virtue of a collective bargaining agreement, individual employment contract, customary trade practice, or request of the individual compensated, is considered remuneration for the period to which it is assigned. Assignment clearly occurs when the compensation serves to make the individual eligible for all regular fringe benefits for the period to which the compensation is assigned.

(c) Remuneration also includes settlements or other proceeds received by an individual as a result of a negotiated settlement for termination of an individual written employment contract prior to its expiration date. The proceeds are deemed assigned in the same intervals and in the same amount for each interval as compensation was allocated under the contract.

(d) Remuneration does not include:

(i) The payment of tips;

(ii) Supplemental benefit payments made by an employer to an employee in addition to any paid family or medical leave benefits received by the employee; or

(iii) Payments to members of the armed forces of the United States, including the organized militia of the state of Washington, for the performance of duty for periods not exceeding seventy-two hours at a time.

(23) (a) "Serious health condition" means an illness, injury, impairment, or physical or mental condition that involves:

(i) Inpatient care in a hospital, hospice, or residential medical care facility, including any period of incapacity; or

(ii) Continuing treatment by a health care provider. A serious health condition involving continuing treatment by a health care provider includes any one or more of the following:

(A) A period of incapacity of more than three consecutive, full calendar days, and any subsequent treatment or period of incapacity relating to the same condition, that also involves:

(I) Treatment two or more times, within thirty days of the first day of incapacity, unless extenuating circumstances exist, by a health care provider, by a nurse or physician's assistant under direct supervision of a health care provider, or by a provider of health care services, such as a physical therapist, under orders of, or on referral by, a health care provider; or

(II) Treatment by a health care provider on at least one occasion which results in a regimen of continuing treatment under the supervision of the health care provider;

(B) Any period of incapacity due to pregnancy, or for prenatal care;

(C) Any period of incapacity or treatment for such incapacity due to a chronic serious health condition. A chronic serious health condition is one which:

(I) Requires periodic visits, defined as at least twice a year, for treatment by a health care provider, or by a nurse under direct supervision of a health care provider;

(II) Continues over an extended period of time, including recurring episodes of a single underlying condition; and

(III) May cause episodic rather than a continuing period of incapacity, including asthma, diabetes, and epilepsy;

(D) A period of incapacity which is permanent or long term due to a condition for which treatment may not be effective. The employee or family member must be under the continuing supervision of, but need not be receiving active treatment by, a health care provider, including Alzheimer's, a severe stroke, or the terminal stages of a disease; or

(E) Any period of absence to receive multiple treatments, including any period of recovery from the treatments, by a health care provider or by a provider of health care services under orders of, or on referral by, a health care provider, either for: (I) Restorative surgery after an accident or other injury; or (II) a condition that would likely result in a period of incapacity of more than three consecutive, full calendar days in the absence of medical intervention or treatment, such as cancer, severe arthritis, or kidney disease.

(b) The requirement in (a) (i) and (ii) of this subsection for treatment by a health care provider means an in-person visit to a health care provider. The first, or only, in-person treatment visit must take place within seven days of the first day of incapacity.

(c) Whether additional treatment visits or a regimen of continuing treatment is necessary within the thirty-day period shall be determined by the health care provider.

(d) The term extenuating circumstances in (a)(ii)(A)(I) of this subsection means circumstances beyond the employee's control that prevent the follow-up visit from occurring as planned by the health care provider. Whether a given set of circumstances are extenuating depends on the facts. For example, extenuating circumstances exist if a health care provider determines that a second in-person visit is needed within the thirty-day period, but the health care provider does not have any available appointments during that time period.

(e) Treatment for purposes of (a) of this subsection includes, but is not limited to, examinations to determine if a serious health condition exists and evaluations of the condition. Treatment does not include routine physical examinations, eye examinations, or dental examinations. Under (a)(ii)(A)(II) of this subsection, a regimen of continuing treatment includes, but is not limited to, a course of prescription medication, such as an antibiotic, or therapy requiring special equipment to resolve or alleviate the health condition, such as oxygen. A regimen of continuing treatment that includes taking over-the-counter medications, such as aspirin, antihistamines, or salves, or bed rest, drinking fluids, exercise, and other similar activities that can be initiated without a visit to a health care provider, is not, by itself, sufficient to constitute a regimen of continuing treatment for purposes of this title.

(f) Conditions for which cosmetic treatments are administered, such as most treatments for acne or plastic surgery, are not serious health conditions unless inpatient hospital care is required or unless complications develop. Ordinarily, unless complications arise, the common cold, the flu, ear aches, upset stomach, minor ulcers, headaches other than migraines, routine dental or orthodontia problems, and periodontal disease are examples of conditions that are not serious health conditions and do not qualify for leave under this title. Restorative dental or plastic surgery after an injury or removal of cancerous growths are serious health conditions provided all the other conditions of this section are met. Mental illness resulting from stress or allergies may be serious health conditions, but only if all the conditions of this section are met.

(g)(i) Substance abuse may be a serious health condition if the conditions of this section are met. However, leave may only be taken for treatment for substance abuse by a health care provider or by a licensed substance abuse treatment provider. Absence because of the employee's use of the substance, rather than for treatment, does not qualify for leave under this title.

(ii) Treatment for substance abuse does not prevent an employer from taking employment action against an employee. The employer may not take action against the employee because the employee has exercised his or her right to take medical leave for treatment. However, if the employer has an established policy, applied in a nondiscriminatory manner that has been communicated to all employees, that provides under certain circumstances an employee may be terminated for substance abuse, pursuant to that policy the employee may be terminated whether or not the employee is presently taking medical leave. An employee may also take family leave to care for a covered family member who is receiving treatment for substance abuse. The employer may not take action against an employee who is providing

care for a covered family member receiving treatment for substance abuse.

(h) Absences attributable to incapacity under (a)(ii)(B) or (C) of this subsection qualify for leave under this title even though the employee or the family member does not receive treatment from a health care provider during the absence, and even if the absence does not last more than three consecutive, full calendar days. For example, an employee with asthma may be unable to report for work due to the onset of an asthma attack or because the employee's health care provider has advised the employee to stay home when the pollen count exceeds a certain level. An employee who is pregnant may be unable to report to work because of severe morning sickness.

(24) "Service is localized in this state" has the same meaning as described in RCW 50.04.120.

(25) "Spouse" means a husband or wife, as the case may be, or state registered domestic partner.

(26) "State average weekly wage" means the most recent average weekly wage calculated under RCW 50.04.355 and available on January 1st of each year.

(27) "Supplemental benefit payments" means payments made by an employer to an employee as salary continuation or as paid time off. Such payments must be in addition to any paid family or medical leave benefits the employee is receiving.

(28) "Typical workweek hours" means:

(a) For an hourly employee, the average number of hours worked per week by an employee within the qualifying period; and

(b) Forty hours for a salaried employee, regardless of the number of hours the salaried employee typically works.

(29) "Wage" or "wages" means:

(a) For the purpose of premium assessment, the remuneration paid by an employer to an employee. The maximum wages subject to a premium assessment are those wages as set by the commissioner under RCW 50A.10.030;

(b) For the purpose of payment of benefits, the remuneration paid by one or more employers to an employee for employment during the employee's qualifying period. At the request of an employee, wages may be calculated on the basis of remuneration payable. The department shall notify each employee that wages are calculated on the basis of remuneration paid, but at the employee's request a redetermination may be performed and based on remuneration payable; and

(c) For the purpose of a self-employed person electing coverage under RCW 50A.10.010, the meaning is defined by rule. [2023 c 25 s 2; 2022 c 233 s 1; 2021 c 232 s 2; 2020 c 125 s 1; 2019 c 13 s 1; 2018 c 141 s 1; 2017 3rd sp.s. c 5 s 2. Formerly RCW 50A.04.010.]

[2021 c 232 s 4.]

RCW 50A.05.100 Discrimination laws not affected. Nothing in this title shall be construed to modify or affect any state or local law prohibiting discrimination on the basis of race, creed, religion, color, national origin, families with children, sex, marital status, sexual orientation including gender expression or identity, age, honorably discharged veteran or military status, or the presence of any sensory, mental, or physical disability or the use of a trained dog guide or service animal by a person with a disability. RCW 50A.05.110 No continuing entitlement or contractual right.

This title does not create a continuing entitlement or contractual right. RCW 50A.05.120 Conflict with federal requirements. If any part of this title is found to be in conflict with federal requirements that are a prescribed condition to the allocation of federal funds to the state or the eligibility of employers in this state for federal unemployment tax credits, the conflicting part of this title is inoperative solely to the extent of the conflict, and the finding or determination does not affect the operation of the remainder of this title. state or the granting of federal unemployment tax credits to employers in this state. [2019 c 13 s 64; 2017 3rd sp.s. c 5 s 101. Formerly RCW 50A.04.900.]

RCW 50A.05.125 Continuity with prior law. (1) The provisions of chapter 49.78 RCW as they existed prior to January 1, 2020, apply to employee and employer conduct, acts, or omissions occurring on or before December 31, 2019, including but not limited to the enforcement provisions set forth in RCW 49.78.330 as they existed prior to January 1, 2020. Accordingly, a cause of action for conduct, acts, or omissions occurring on or before December 31, 2019, under chapter 49.78 RCW remains available within its applicable statute of limitations. As an exercise of the state's police powers and for remedial purposes, this subsection applies retroactively to claims based on conduct, acts, or omissions that occurred on or before December 31, 2019.

(2) The provisions of this title apply to employee and employer conduct, acts, or omissions occurring on or after January 1, 2020, including but not limited to the enforcement provisions set forth in RCW 50A.40.040. [2021 c 59 s 2.]

Intent—2021 c 59: "(1) Since enacted in 1989, chapter 49.78 RCW afforded employees the right to unpaid family and medical leave, to return to their jobs afterwards, and to enforce those rights. In 2017, the legislature passed Substitute Senate Bill No. 5975, creating the paid family and medical leave act to replace and enhance the existing unpaid family and medical leave laws.

(2) The passage of the paid family and medical leave act repealed chapter 49.78 RCW and replaced its provisions as a new title in Title 50A RCW. However, the passage of the paid family and medical leave act did not, and was not intended to, undermine any right, liability, or obligation existing under chapter 49.78 RCW prior to its repeal, or under any rule or order adopted under those statutes. Likewise, the passage of the paid family and medical leave act was not intended to affect any proceeding that had been, or could be, brought under the existing chapter 49.78 RCW relating to conduct, acts, or omissions occurring on or before December 31, 2019. To the contrary, the legislature incorporated the employment protections provisions of chapter 49.78 RCW wholesale into the new Title 50A RCW. Moreover, the legislature specifically delayed the effective date of the repeal of chapter 49.78 RCW by over two years after the effective date of the rest of the act, in part, in order to ensure that there would be continuity in the protections provided and rights available under chapter 49.78 RCW and its successor provisions in Title 50A RCW.

(3) The legislature intends to clarify that the passage of the paid family and medical leave act did not sever, impair, extinguish, or in any way affect the rights, liabilities, or obligations under chapter 49.78 RCW as it existed prior to January 1, 2020. A cause of action for conduct, acts, or omissions occurring on or before December 31, 2019, under chapter 49.78 RCW remains available within its applicable statute of limitations." [2021 c 59 s 1.]

Effective date—2021 c 59: "This act is necessary for the immediate preservation of the public peace, health, or safety, or

support of the state government and its existing public institutions,
and takes effect immediately [April 16, 2021]." [2021 c 59 s 3.]

RCW 50A.05.130 Office of actuarial services. (1) The office of
actuarial services is established within the department.

(2) The head of the office must be qualified by education and
experience in the field of actuarial science. [2022 c 233 s 5.]
